WVPMA Mission

The West Virginia Podiatric Medical Association (WVPMA) is a state component of the American Podiatric Medical Association.

Our chief purpose is to achieve higher standards of medical practice in our profession, to raise the standard of education required of those physicians who practice podiatry, to secure the enactment of proper laws governing the practice of podiatry and to create an informed public opinion on all matters relating to the profession.

We advocate, educate and legislate the practice of podiatric medicine in West Virginia.

WVPMA Membership

There are not a lot of podiatrists in West Virginia. Membership in the West Virginia Podiatric Medical Association (WVPMA) helps you come together collectively to advocate for different state legislative items, understand state insurance issues, have relationships with other professional colleagues and discuss or consult on patient cases or medical issues. Through the West Virginia Board of Medicine and the regulatory rules process, our scope of practice was changed to classify podiatrists as "physicians." This is one example of what we can do together as organized podiatric physicians in West Virginia.

We have four meetings annually. One is currently scheduled for October 3, 2020, in Clarksburg (meetings rotate annually between the north and south of the state), and the other, a Zoom conference, is scheduled for May 15, 2020. Winter and summer board and membership meetings are scheduled annually. We are part of the APMA Region IV (WV/Ohio) and meet with Fellow DPMs from Ohio, including their state officers.

You can apply for membership by filling out the [online membership application](#). For your CE needs, Ohio sends programming information to WVPMA members via email.

Your voice and practice issues can't be heard or helped without membership. We can be stronger together in looking out for Podiatry in West Virginia and for each other.
